

# SPREAD — THE — WORD

## AN IMPORTANT SURVEY IS COMING SOON...

City of Lebanon Gas Department will be conducting a short public safety telephone survey from November 12th - 15th to measure the current level of knowledge in our community about natural gas.

If you receive a call from a local number (615-257-1049) on our behalf, please take a moment to answer the survey questions as community response is critical in improving the effectiveness of our gas safety education programs.

This is a federally mandated safety survey and your participation is greatly appreciated.
