If over one (1) acre is disturbed provide TDEC Level 1 Certified EPSC Inspector information below

Inspector Name:

Certification #:

Cell Phone #:

Email Address:

Description of work to be performed:

NOTICE: If over one (1) acre, a Notice of Intent (NOI) must be filed with the state of Tennessee. A NPDES permit number from the Notice of Coverage (NOC) must be provided before grading permit can be issued. NPDES#: _____

NOTICE: If proposed project involves placement of fill in a pond that is spring fed, or impacts springs, reservoirs, wetlands, blue line streams, intermittent blue line streams on the USGS Quad map, or impacts any stream which supports any form of aquatic life or is in the vicinity of a State listed endangered species, then an Aquatic Resource Alteration Permit is required by the State. ARAP#: _____

NOTICE: If a karst feature (sinkhole or cave) will be directly impacted by project then a class V Injection Well Permit is required by the State. Class V Injection Well Permit#: _____

Substantial work must commence within 180 calendar days of permit issuance and must be complete within 18 months from the date of commencement. The applicant must notify the City ten (10) working days in advance of construction.

I understand that a Pre-Construction meeting needs to be scheduled with the City of Lebanon Stormwater Department prior to any land disturbance activities.

The following parties are required to attend the Pre-Construction meeting: Civil Engineer, Contractor, Owner Representative, TDEC Level 1 Certified EPSC Inspector (if applicable).

Email Brian Chomicki (brian.chomicki@lebanontn.org) to schedule Pre-Construction meeting.

I agree that I will comply with all ordinances and laws pertaining to grading and land disturbance activities. All erosion and sediment control measures shall be installed prior to commencement of grading, stockpiling, or other land disturbance activity. All control measures shall be kept in proper working order until construction is complete, and site is permanently stabilized. Permission is expressly granted to City Personnel to enter upon the premises for site inspection. I further agree to add any additional erosion/sediment control measures as requested by the City of Lebanon. Failure to comply may result in the immediate issuance of a "stop work" order.
